Introducing

NEW EARLY PINK SNAPDRAGON

"BRIARCLIFF CHEVIOT"

New Seed Ready June, 1938

Brilliant rose-pink without any shadings, identical in color to the well known Briarcliff Rose.

A single plant selection produced by a specialist who has spent years perfecting this strain from Cheviot Maid Supreme. It is much stronger than the original, a giant type in both stem and spike, carrying superior flowers from Christmas to Decoration Day.

Erect in growth, it does well, benched close, 6" by 8", making an ideal commercial variety.

BRIARCLIFF CHEVIOT

As Grown by Fred Windmiller, Columbus, Ohio
